<p>I wish to object to the building of 75 new homes just off Hepworth lane for so many reasons. First and foremost this area simply will not cope with potentially an extra 140 cars plus entering and exiting especially if the proposed plan for an exit onto Hepworth lane goes ahead. I live at the top of Hepworth lane on the corner of wellhouse lane and who like to play out on their bikes up and down Hepworth lane which is already a danger because people use it as a short cut from shillbank lane and drive at ridiculous speeds. On a morning I have trouble pulling out of my drive as it is a blind exit and the excessive amount of cars already mean im struggling to get out. Next there is the problem of wellhouse lane. I often find myself completely gridlocked on a morning with the school at the top and people driving on the pavement putting lives in danger. This morning I was stuck in traffic on wellhouse lane for 15 minutes which is a regular occurrence. This is a narrow lane with cars parked at either side, parents and children walking to and from school and the road is already overwhelmed by the extremely high volume of cars coming into the area. Hepworth lane is a one way street with no pavements at points and simply does not have the capacity to endure the amount of traffic to and fro if these houses were to go ahead. The area is completely too small and congested already it would be an absolute atrocity and a danger to lives if it was to go ahead.</p>
