My name is I live at 10 Hepworth Drive Mirfield WF140PT. I wish to formally object to application 2025/93355. The new planning layout to me is worse than the last on the grounds of the new exit road leading into Hepworth Lane where you can only turn left putting more traffic down the road. Hepworth Close are allowed to turn left and right out of their cul-de-sac so what's to stop them from doing the same and turning right as well. Hepworth Lane is so narrow that you can only allow one vehicle through at a time, with it being two way traffic coming down and up from Flash Lane, which will block the road leading into and out of Flash Lane, no causeway so pedestrians mainly children going to and back from school are not safe. Going out at the top of Hepworth Lane is one way only which is so narrow this junction is very bad to get out of as the wall looking left is stopping visibility, cars parked on road going right stops you seeing any traffic coming on. It is bad coming out of Hepworth Drive as the visibility is so bad both ways. You have to keep itching forward a bit at a time it is a black spot. More traffic will cause accidents. I live on and I have problems with sewage (drain blocking up) the area cannot cope with more houses on the drainage system.
