Subject: Objection to proposal 2025/93355

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dated 14 JAN 2026 . I am resident at 10 Greenside Road Mirfield WF14 0AU. I formally object to the proposed housing develop at Balderstone Fields Mirfield - kirklees ref 2025/93355 . I object on two grounds: Road Safety and Mirfield Infrastructure. This proposal has completely insufficient and dangerous road access. One access point is right next to a Junior school, creating huge dangers in the morning, and the other leads to a highly constricted road (Hepworth Lane) that empties onto a larger road at the junction of Flash lane and Shillbank, where vision is partially obstructed in both directions. In addition, Flash Lane is a bus route, permanently obstructed by parked cars near that point, reducing it to 1 lane. In addition Mirfield currently has insufficient infrastructure such as Doctor's Surgeries, reliable rail transport and bus routes to support the additional population burden.
