| <p>I strongly object to this proposal. The impact of building a further 75 homes in this location, will not only affect the immediate surrounding area, but will impact on the wider area of Mirfield. 75 homes with an estimated 150 extra vehicles will create substantial impact on an already strained road network. The likes of Wellhouse Lane, Hepworth Lane, Jenny Lane, Greenside Road and Shillbank Lane are already gridlocked regularly around the school run. Surely this increases further risks regarding traffic and pedestrian safety. Add to this, further strain on utilities, along with more demand on school capacities and the GP surgery. Consider the loss of wildlife habitat, natural drainage and area of natural beauty. Once this is gone, it's gone forever. In an time of climate change crisis, can we really afford to keep building on these open spaces.</p> | |
