<p>This development will bring more traffic to the area, particularly near the neighbouring school. One that is also popular and wont be able to take an extra influx of families. Tje dostuption of the development will be horrific. The noise pollution from the extra traffic will not be helpful. Thays potentially another 150 cars daily on the small.street. A lovely bit of countryside will be lost, its a nice walk round there. The field provide a nice buffer from the development of Mirfield to the open space we have. Access is tight at that point, the road narrows and it isnt really suitable for volumes of traffic, never mind large plant.</p>
