I would like to object to the proposed housing development on the land off Woodward Court/Hepworth lane in Mirfield,reference number 2025/93355 for the following reasons.
Up until the last few years I have lived in Mirfield most of my life and have many friends and family who live there. Over the years as more and more building development has taken place, Mirfield has become has become more and more congested with far more cars on the road. This is particularly problematic in Wellhouse Lane and Hepworth Lane where the lanes are very narrow, and many house don't have drive ways so there is a lot of on road parking. On road parking causes many issues even a quiet times of day, and pavement parking often occurs causing obstructions for pedestrians. Crossley Fields School is accessed from Wellhouse Lane and even more traffic on this lane would be potentially pose a danger to children when attempting to cross the road due to lack of visibility and obstructed footpaths. Also there is the environment issue due to the extra cars causing both noise and emissions pollution. This school is a primary school and our children's health and safety must take priority over the building of yet more houses on our Green and pleasant land!
