<p>I am a resident of Wellhouse Lane Mirfield. Every day I witness the absolute chaos of this road, particularly at school open and close times, although it is also used as a car park throughout each day. Morning school parking begins at 7.40 and afternoon parking from 14.00, with many cars parked for lengthy periods of time with engines running. Cars are parked across, and even on, residents' driveways, but of particular concern is the way that motorists access this road at busy times, ie by driving along the pavement where children and parents/ carers are walking. Kirklees council refuses to deal with the already dangerous and unacceptable situation on this road, so it is hard to understand why it would even consider this planning application, especially since it has been rightly rejected several times in the past. Mirfield has, in recent years, been saturated with new houses (e.g. the huge Mirfield 25 site) but, because of the location, building 75 houses on this proposed site would be beyond comprehension and even basic sense. I am formally objecting to this application.</p>
