Application 2025/62/9355/E. From Bellway Homes ltd
For 75 houses off Woodward Court

Dear Sir

Having moved to live in Wellhouse Lane on 22nd March 2024, I was horrified to witness the dangerous traffic congestion where children are leaving Crossley Fields School.

Many people arrive early in their vehicles to collect the children and park on both sides of Wellhouse Lane and Woodward Court.

My concern and fear is that there could so easily be a very serious accident outside the school and if that were to happen it would be very difficult for emergency vehicles to get near

My appeal is that those who have authority to give planning permission for more housing and therefore more traffic in the area would be wise enough to refuse permission for the above application which would at least prevent an increase of danger.

Yours sincerely
