| One change in this new application by Bellway is the mention of a second exit from the site into Hepworth Lane. This lane has a bottleneck at each end and 2 cars cannot pass each other for about half the length of the lane. Much of the lane is too narrow for a pavement and current traffic volumes can be a danger to the many children using the lane to walk to and from the school around the corner in Wellhouse Lane. The increase in traffic as well as the introduction of a new junction can only exacerbate the situation. | |
