I wish to object against this application on the grounds that on the local plan this is safeguarded land and not for building. There are very well used public footpaths on three sides of this site and any heavy plant moving would be dangerous to the public using them. Wellhouse Lane and Hepworth Lane are both very narrow lanes with little or no footpaths and are already very congested and could not cope with any more traffic. This development would probably create an additional minimum increase of some Six Hundred vehicle movements as most family homes have more than one vehicle. The present state of the roads is not very good and extra vehicles would only make things worse.There have been no changes to any of the factors that led to the refusal of the last application by the same company.
