<p>This is with reference to planning application number 2025/93355. The location of this site would introduce much more traffic to this area and especially through rush hour and school drop off times. Mirfield is already over populated producing traffic stress that delays commuting already in either of the two access and exit main roads in Mirfield. This makes everybody's commute time long already and addition of any more housing in this instance will introduce a minimum of a 150 additional vehicles in these travel periods. The area can not take any more traffic.</p>
