<p>I wish to formally object to application 2025/93355. I feel that the proposed development will negatively impact on the local community. I do not believe that the roads can cope with the extra vehicles, especially Hepworth Lane which lacks footpaths and is too narrow for cars to pass, as is Crossley Lane in places.</p> <p>I also believe that it will negatively impact on services and drainage in the area, increasing the possibility of flooding in the future. There has been several developments in the area recently without increased provision of services so it will cause more congestion and increase pressure on the systems already in place</p>
