| Please note my objection to this planning application. As a local resident I strongly feel this development would contribute severely to already overburdened local roads. Traffic is already substantial in the area and smaller local roads would not comfortably accommodate such a large and sudden influx. In addition a large green area would disappear reducing the access to green areas for local residents and an increase in pollution would result due to all the extra vehicles and services required. Not to mention the building process itself and the pollution and disruption that would cause. | |
