I live at

11 Shellbank Lane Kirkfield WF14 0QA.

I wish to object to the application 2025/93355, on the grounds that Hepworth Lane is not suitable for access, it is far too narrow in places for two cars to pass also can be dangerous for the children using this way to school. There will be pressure on DR's appointments there has been so many green fields/spaces built on over the years in Kirkfield to accomodate housing which has lead to congestion of traffic which is a nightmare
