Dear Sir/Madam,

[redacted] d I
live at 171 Crossley Lane, Mirfield WF14 0NY. I wish to formally object to application 2025/93355 on the grounds that Hepworth Lane cannot safely accommodate the extra traffic the development would generate. The lane is too narrow in places for two cars to pass and lacks footpaths, forcing both vehicles + pedestrians — especially school children — to share the road, which increases the risk of congestion and accidents.

Yours faithfully
