Application number 2025/62/93355/E
Land of Woodward Court, Mirfield, WF14 0PY

Dear Sirs,

I write to object to this application

I am concerned about highway safety especially at the junction of Woodward Court and with the sightlines and the fact that many cars park here at school dropping off times in the morning and afternoon.

I'm also,concerned about the proposed exit onto Hepworth Lane as the road is narrow and again I'm concerned about sightlines.

I'm worried about the loss of a greenfield and the impact on wildlife as when I've walked on the field in the evening I've seen foxes.

I'm worried about the proposed left turn exit onto Hepworth Lane as the road is very narrow and obviously traffic comes up the road in the opposite direction.

The 2 and a half storey houses seem very tall and will be overlooking houses on Hepworth Close and will potentially cause a loss of light and visual amenity.

I'm worried about the potential,of flooding especially with the pond at the bottom of the development.

Yours sincerely
