Application number 2025/62/93355/E
Land of Woodward Court, Mirfield, WF14 0PY

Dear Sirs,

I write to object to this application

I notice that in a report it says buses are every half hour from the nearest bus stop. I know this is wrong as I used to get one of the first buses to work and they are at times every hour.

I am concerned about the loss of wildlife habitats as I have seen foxes in this site when walking with my husband.

My biggest concern is highway safety as the local roads are busy and especially gridlocked at school times with parents of children parking on pavements and blocking road junctions. My other highway concern is the proposed exit onto Hepworth Lane as this road is very narrow and has two 2 way traffic.

My final issue is flooding as I'm concerned about the water feature on the development as I think if this overflows it could flood houses on Hepworth Drive, Hepworth Lane, Grove Street and Flash Lane.

Yours sincerely
