<p>I wish to object to the application for 75 dwellings off Woodward court. Planning number 2025/62/93355/E</p> <p>The road network around the proposed development is totally inadequate as it is never mind the addition of associated vehicles if this were to go ahead. The roads are narrow and either parked up or not wide enough for 2 vehicles to pass.</p> <p>The construction traffic would be horrendous for both the adjacent school and local residents. The roads would be gridlocked further and the noise and debris created by both the construction traffic and the build itself would have a negative impact on the education of the children and the lives of the local residents.</p> <p>Once constructed the vehicles from these dwellings would create further pollution in the area from all the extra vehicles that would be coming and going from the development. Creating further danger for the local schoolchildren and residents alike.</p> <p>The local infrastructure would struggle with both education and healthcare capacity. These green spaces should be left alone, Mirfield will become a concrete jungle and flooding will increase as the drainage systems will not be able to cope.</p>
