<p>I would like to object on the ground of road safety and the loss of another green space in Mirfield The roads around Crossley Fields School Woodward Court and Wellhouse Lane area are unsuitable for the current traffic being congested and grid locked at times The addition of 75 new homes will only make this worse and more dangerous for the children who walk to and from school and have to pass the end of Woodward Court where cars are illegally parked and reversing in and out onto Wellhouse lane which is very dangerous The opening of an exit onto Hepworth Lane which is a narrow lane with no pavement which will be used as a short cut for school and other traffic will cause congestion at the junction with Flash lane where at busy times traffic turning right off Shillbank Lane and turning left on a blind bend off Flash Lane will meet traffic coming down Hepworth Lane which will cause severe and dangerous congestion at busy times I also think that the air quality around the school at busy times is poor and the traffic involved with the construction off and these new homes will only make this worse</p>
