<p>I wish to formally object to application 2025/93355 on the grounds that Wellhouse Lane and Hepworth Lane cannot safely accommodate the extra traffic the development would generate.</p> <p>The lane is very narrow in places and would not be suitable for two cars to pass at one time both Wellhouse and Hepworth Lane lack footpaths in places specifically where the new planned exit for the development is planned. This would force both vehicles and pedestrians especially schoolchildren to share the road, which increases the risk of congestion and accidents. The new exit would also join Hepworth Lane on a narrow blind corner which in my opinion would also be extremely dangerous for pedestrians as well as vehicles already on the lane. The extra traffic including construction traffic entering and exiting at Woodward Court would also be a major safety issue with Wellhouse School being so close. I believe that nothing has changed in the area since the previous applications were submitted so therefore this application should not be approved</p>
