<p>I wish to object to the application to build 75 homes of on the land off Woodward Court, Mirfield WF14.</p> <p>The Road infrastructure of the area can not cope with the present traffic as it is. Adding 75 homes with the probability of over 100 or more extra vehicles plus general delivery traffic it will only add to the already over used Roads surrounding the proposed site.</p> <p>The roads are already dangerous, they are very narrow and have numerous blind spots, also Hepworth Lane has no footpath in parts, and due to the narrowness it would be totally dangerous to put an exit road onto Hepworth Lane from the proposed site</p> <p>The schools in the surrounding area are already at capacity. Added foot traffic and vehicles from this development to and from the schools three times a day will only add to the already serious problem of Parking and speeding cars.</p> <p>The doctors in Mirfield are already at over capacity with appointments few and far between. The town needs extending with more services such as doctors, dentists and public amenities before adding 75 homes putting more strain on an already broken system.</p> <p>There are many more objections i have but i think these alone should put the thought of how utterly stupid it would be for this planning to be allowed.</p>
