<p>My objection concerns the conservation of the natural environment, the preservation of greenbelt and wildlife that exist and thrive in what is a small remaining amount of natural environment remaining to them. Part of Mirfield's local character is the fields that we still hold on to and crucially they are a part of town's name. Constant removal of these precious resources will find us losing our identity and community as a town. We do not have the infrastructure to support new developments and we are quickly becoming at risk of losing the dignity of living conditions. I am very grateful of the careful considerations of these objections and observations in line with the guidelines provided.</p>
