. I wish to formally object to application 2025/93355 on the grounds that Hepworth Lane cannot safely accommodate the extra traffic the development would generate. The lane is too narrow in places for two cars to pass and lacks footpaths, forcing both vehicles and pedestrians—especially schoolchildren—to share the road, which increases the risk of congestion and accidents. Alongside this too section of Hepworth Lane is one-way, with a junction onto Wellhouse Lane which is difficult to visually assess when driving. This presents a further increase in the likelihood of accidents and further damage to the garden walls at the junction with Pumphouse Lane (as has happened several times). The increased traffic and disruption may also lead people to ignore the one-way direction and this would put pedestrians at increased risk.
