.

I wish to formally object to application2025/93355.
Hepworth Lane is very very narrow and cannot possibly accommodate the traffic which this development would generate especially at the point of entry and exit from Flash Lane and Shillbank Lane.Two cars cannot pass in places and a lack of footpaths makes it dangerous for pedestrians. School children use this road and a development of this magnitude would impact on their safety. Children's safety is paramount.
Beltway homes has tried to get planning permission on several occasions and planning has been refused, what makes you think planning can be granted this time.
If an entrance were to be made at Woodward Court then traffic would come onto Wellhouse Lane which is narrow and with cars parked on one side permanently the Lane is more or less single file traffic at all times of the day.
We are so short of doctors in this country and to put pressure on the existing resources is unfair on the medical staff and patients who are already registered at the practice. The same applies to the dentist and I cannot comment on school places.
Our drainage system is old and I am sure the existing system cannot accommodate refuse from 75 homes. Can you prove the drains are capable of extra capacity?
It is healthy to have green fields and open spaces. There is wildlife to consider , horses grazing on the land at present which is lovely for young and old to see .
Mirfield is becoming more and more developed which is a shame as this is not what Mirfield residents chose when they moved to Mirfield.
I hope you will seriously consider this application and refuse planning to Bellway Homes.
