<p>I work as a Carer in Mirfield and I object to this planning application because of the additional traffic problems it will cause.</p> <p>Travelling around Mirfield is already difficult because of the high volumes of traffic at most times of the day. It is not possible for me and my colleagues to avoid the most congested areas because if we have clients in these locations we MUST get to them. Adding 75 more houses to an already congested location makes no sense. The roads are already choked with traffic, particularly at peak school times when the roads are virtually gridlocked and these extras homes will just make an already horrendous situation worse.</p> <p>There is also a serious road safety risk to the children at the schools next door to this site. It's impossible to believe that the developer now wants to build 75 houses when their last application for 61 houses was refused – because of the traffic problems it will cause.</p> <p>This location is not suitable for another 75 houses and the Council should refuse the planning application.</p>
