<p>Wellhouse Lane is already a difficult road to drive up or down without having to give way to on coming traffic especially by the cricket club. This happens throughout the week. However during school drop off or pick up it becomes in accessible now let alone accommodating traffic from another 75 houses. This will also have a knock on affect to the surrounding roads such as Greenside Road which again is busy and becomes a single carriage where on coming cars have to give way. Other narrow country lanes again not suitable for increased traffic. My elderly parents live on Wellhouse Lane and often cars are double parked and on pavement which can make access challenging now without extra traffic.</p>
