<p>I am very concerned that Bellway Homes want to build 75 houses on this land. The field is next door to 2 schools and building this many houses is a rear risk to the children who attend this school because of the number of vehicles that will be travelling to and from these properties. Kirklees council has already refused to allow 61 houses on this land so it is difficult to understand why 75 houses would be suitable.</p> <p>The roads in this area are not suitable for the number of cars that would be generated by these new houses – plus the additional deliveries etc that would also result. The local roads are choked with parked cars at the best of times and are too narrow for two cars to pass in several places. There is also a playing field and a cricket club which are both used by children, so this is another road safety issue.</p> <p>Building on this field will also badly affect local wildlife and will take away yet another area of green space from our community.</p> <p>This land is not suitable for a new housing estate and the request for planning permission should be refused.</p>
