Address of the site or building:	Land off, Woodward Court, Mirfield, WF14 0PY
Postcode:	LS15 8ZB

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes

Dear Sirs
I object to this planning application.
Adding 75 houses means even more cars on roads already packed with traffic, creating a serious danger for children attending the Crossley Fields junior and infants schools.
If Kirklees Council thought 61 houses was too many back in 2017, how can they justify 75 now? The roads are worse than ever—nothing has changed for the better.
Our doctors are already stretched to the limit, no one can get an NHS dentist in the area, and there aren't enough jobs in town for everyone. This will just turn Mirfield into more of a traffic jam for commuters than it is at present as people have to drive to other areas for work.
We need to stop the destruction of our fields and wildlife. These green spaces are essential for our health and for the environment—once they’re gone, they’re gone forever. No attempts at ‘mitigation’ on this estate will replace the loss of the existing green space.
Allowing this development wouldn’t be ‘Town Planning’ it would just be an exercise in adding numbers to a target and lining the pockets of developers. Only the developers and the council benefit – local communities are being irreparably damaged by allowing this type of unsuitable construction.
The site is not suitable for this development and it should be refused.
