I have to travel to Mirfield for my job working with vulnerable adults. The journey is already a problem with long queues into the town – whichever route I take. The more houses you allow, the more the traffic builds up and there has been a clear increase in recent years. I cannot understand why the Council would permit another 75 houses to be built in this location. It's clear to see how busy the local roads are and how difficult it is to travel around the town – including this area.
Being out and about with the clients I care for is already a challenge and we have to be mindful of road safety at all times because the roads are busy, but it cannot be safe to allow this may houses so near to schools for infants and juniors – they are also some of the most vulnerable members of the community.
I know that another application for fewer houses was made some years ago and was refused because if the highway issues. The situation is no better – and now the builders want to put more houses on the same land! This cannot be sustainable, and I urge the council to refuse this latest application.
