Subject: p/a 2025/93355, Landoff Woodward Court, Mirfield

Dear Sir or Madam,
Regarding the above application. Although there is a proposition to install speed bumps etc, this will not make any difference to the overall traffic problem This business has been going on for years and years. The local road network is still the same number of narrow lanes, with poor access, and a large school in the mix. These things are not going to change. Please reject this application once (or is it twice, or thrice?) and for all.
