The additional information submitted does not significantly address the concerns about the increase of the number of cars on local roads and related traffic congestion. There will be an additional 75 cars, but more likely the houses will be sold to two car households. (150 cars). There is not enough parking for that number of cars, plus any visitors/tradespeople which will mean cars will be parked illegally on footpaths, corners and on other local roads. This poses a risk to pedestrians and cyclists. The plan to have speed restrictions, road calming and yellow lines does not address the issue. Whilst these traffic-calming measures might look feasible on paper, they do not reflect the lived experience on these roads. They exist solely to facilitate the developer, failing to address overall traffic volume or resident safety.
