Subject: Planning application 2025/93355. Land off Woodward Court, Mirfield

Dear Sir,

How many times have the residents complained vehemently against Bellways' proposed development?
Their only repost is to make the matter worse by altering Wellhouse Lane, which just makes life not worth living for the residents!!

I, personally, hate speed bumps and raised platforms in any road and feel that I, as a resident of some fifty eight years, should not be penalised in this way.

I would look unfavourably on any Council members allowing this to happen!

They should be looking to champion the public, who put them in power, to look after their heart-felt feelings and NOT some business looking to make a profit!!!

The site off Woodward Court has too many issues - not least the roads surrounding it, which are insurmountable for the safety of both residents and the children attending Crossley Fields School.

Hopefully sense will prevail and the proposal will be denied.

Yours faithfully
