Subject: 2025/93355 land off woodward court

I am sending this email as a protest to this land being developed where the proposed EXIT IS BEING CONSIDERED this Lane is very narrow at that point and it is that narrow that two cars cannot pass even the big vans struggle going up and down plus at school times it is very congested as parents picking their children up park down the Lane causing problems for the residents . The exit would be very dangerous as you don't have a good view of traffic especially coming up from shill bank Thanking you
