Subject: Planning Application 2025/93355 (Land off Woodward Court)

Categories:

Regarding Bellway's updated application.

I am very disappointed at the very short window we had to comment on the proposals. Peak holiday time when lots of people are away on holiday.

The new proposals will not help alleviate the traffic problem already experienced for whose living on Wellhouse Lane, Woodward Court and all the roads in the area.

I'd love to know who is going to police the recommendations for Woodward Court? Cars coming to pick up and drop off children do not take any notice now of things put in place.

Over the summer time Wellhouse Lane is very hard to exit so more cars will only add to this. The thought of work vehicles is unimaginable on this Lane and Hepworth Lane

Bellway have been refused planning permission several times over the years because of road problem and the situation has only got worse.

So its a definite NO to this new proposals.

Regards
