Subject: Re. Planning application 2025/93355 Land off Woodward Court, Mirfield

Categories:

Good Morning,

I want to draw your attention to matters of which I am concerned about regarding the above application.

I am part of the SAVE MIRFIELD GROUP and contacted you previously at the end of January 2026.

My main concern is that because of my wife's unfortunate health condition, which centres around , I have significant personal and family responsibilities that affect the amount of time that I am able to devote to considering the new Bellway application.

Consequently, I am extremely frustrated that I have not been given sufficient time to properly consider and respond to all the new matters contained in the application of which I have become aware. Given the additional information and details now provided I believe that a substantially longer period is necessary to enable me to properly examine the material and provide a meaningful and informed response. The period allowed for my response, namely from 12th August 2026 to 22nd August 2026, is wholly disproportionate to the amount of time Bellway have had to prepare their new application, which was from the end of March 2026 until 13th August 2026. I therefore consider the time afforded to me to be unreasonable and insufficient..

Please also take into consideration the circumstances which may prevail for a substantial number of the other 400+ individuals who previously lodged strong objections. For example, some of those individuals may be currently away on their summer holidays or have other commitments that could prevent them from being able to properly consider and respond to the new application within the very limited time period outlined above. All those individuals should be given more time to respond. The imbalance needs to be substantially corrected so that fairness and justice can prevail. This is particularly important because Bellway have submitted considerably more information and details to be examined and considered compared to their previous application.

I sincerely appreciate your time and consideration in this important matter and look forward to receiving your response shortly.

Best regards
