<p>Whilst I have no particular objection to the proposed detached annex itself, I have genuine concerns regarding the safety and right of way for the proposed parking.</p> <p>The proposed parking is adjacent to and accessed from Jail Road, which is a narrow (single car width) cul-de-sac. It is also a private road. The proposed parking is midway between the junction with White Lee Road and the first of two bends in Jail Road. There is a blind corner when turning left from White Lee Road into Jail Road and there is also reduced visibility around the bends in Jail Road itself particularly in inclement weather. I am therefore concerned that the proposed parking will further reduce the safety of traffic and pedestrians along Jail Road, both during the building works and once they have been completed.</p>
