<p>We object due to the proposed scale of the extension which would be disproportionate to the original dwelling and it would be out of character to the surrounding steetscene, especially as the dwelling is in such a prominent position on the cul-de-sac.</p> <p>We would also like to note that although this application proposes just 4 bedrooms this time, there are the same number of rooms as in the previous refused applications. If planning was granted, what would stop the other rooms being turned into bedrooms/bathrooms, creating the 6 bed/4 bath property which were proposed in the applicants original planning application?</p> <p>As neighbours, we are very concerned as to what the applicants are going to use the property for once the extension has been completed!</p> <p>PLEASE NOTE : We just happened to stumbled across this application, Kirklees has not informed the surrounding neighbours, nor has the information been displayed in the village Community Notice Box. Given that there is only a 3 week window to comment, which include the Christmas period, is unacceptable.</p>
