Subject: RE: Attached letter from Kirklees Council regarding application number 2025/93435 at location Land off, Blackmoorfoot Road and Felks Stile Road, Crosland Moor, Huddersfield, HD4 7AD

Hi Nick

The supporting drainage information provided in connection with the above DOC includes submissions from two separate consultants (ARP & Adept) some of which have been superseded and therefore will need to be removed. In addition, there is no manholes schedule provided with the supporting information. I will need to know what the latest information is before I can offer any comments.

In addition, they will need to submit an External Works Plan showing details of proposed retaining walls / modifications to existing retaining walls so as to determine whether a formal technical approval will be required for these works (Condition 16-Retaining Walls)

Regards

Farhad Khatibi
