Subject: RE: Attached letter from Kirklees Council regarding application number 2025/93438 at location Arena Young Peoples Centre, Moorlands Road, Dewsbury, WF13 2LF

I can't spot a submitted Rapid Health Impact Assessment in the supporting documents area therefore I am unable to provide a public health response.

Having looked at the information, the proposed development meets the threshold for submission of an HIA as its over 1000sqm, is located in an area listed on the Index of Multiple Deprivation and has a total of 4 health impacts higher than the Kirklees average.

Could you please inform the applicant they need to submit one

Kind Regards
Louise
