Good afternoon, we have been contacted by Robert Bowette of the Cliff. He has had a tree report done by JCA consultants which recommends the removal of three dangerous trees on the road side.

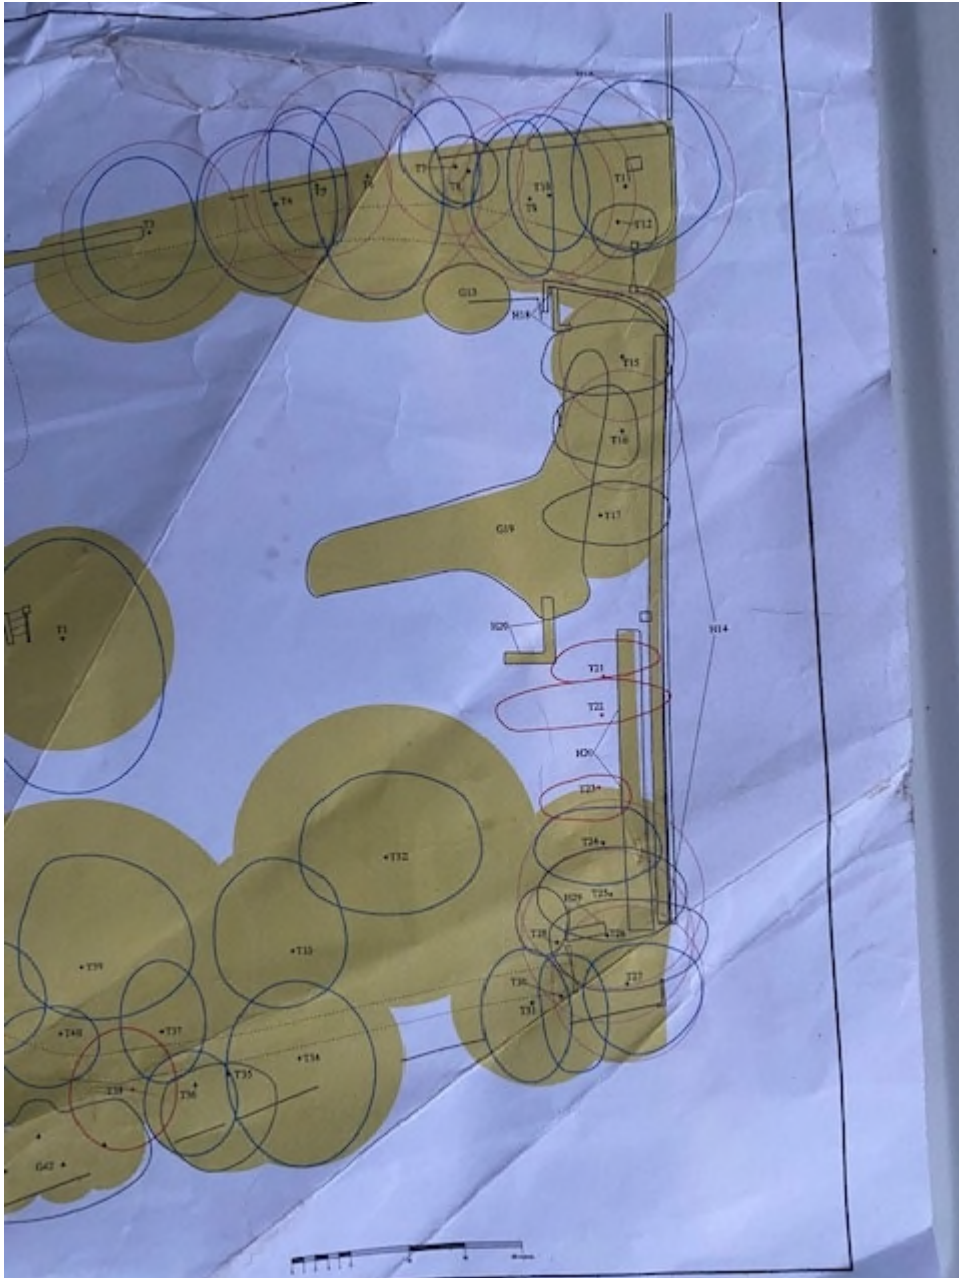

Having seen the trees we intend to remove them in the next few days due to there condition and position.

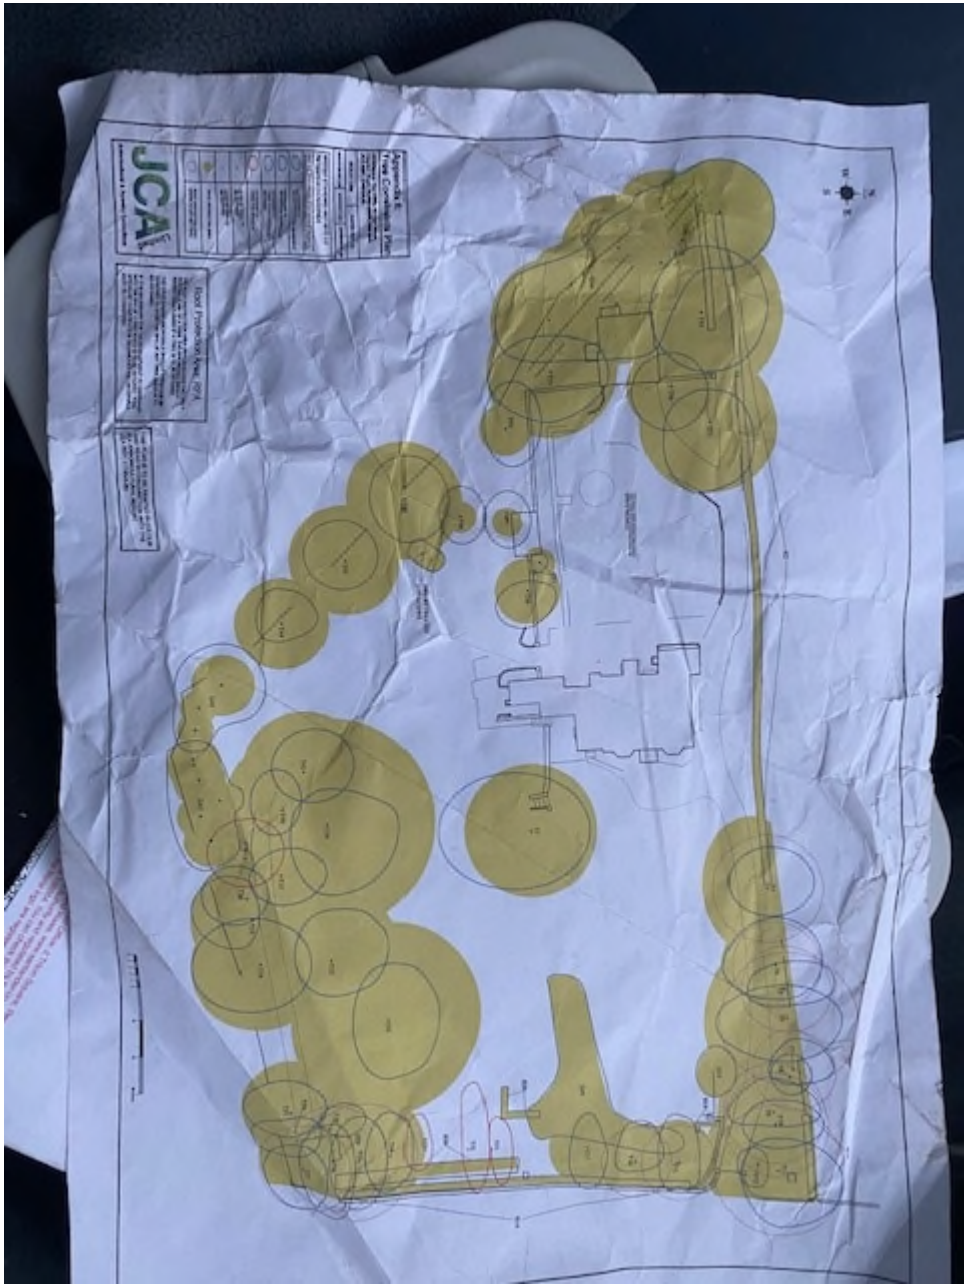

I have attached a plan and the relevant section from the report.

I will take photographs prior to cutting down the trees.

If you require any additional information please contact me on \_\_\_\_\_ or by email.

Regards John Taylor
