<p>I have seen the planning application for the 28 houses and quite honestly I can't believe this can be considered, as in where the entrance to these houses is going to be. Thorpe Green Drive and Weavers Avenue/ Drive are already over subscribed to vehicles, vehicles now have to negotiate a blind corner and any more traffic and especially heavy plant are going to make it really dangerous to access and exit the site. We have already suffered several non collections of bins due to the bin truck not being able to access the site, this will become worse and environmental issues as a result, you really need to rethink your strategy on this one.</p>
