I've lived here all my life.. 52 yrs. How can someone raise the level of of a field by 2 ft to dispose of landfill .. this has not only caused serious damage to adjacent fields, serious implications on the wildlife and I believe it to have impacted on the state of stringer house lane which is an on going issue .. I've never known things as bad.. and tampering with water levels isn't a good thing. I strongly suggest someone comes out to evaluate the scale of this devastation..
