I think this development will be well received by people looking to move to the village. SB Homes have a high standard of finish and are generally popular with buyers. However I do have concerns around Clough Road as this is likely to increase traffic, and the road is known for being difficult to pass. At points in the road to you cannot see oncoming traffic and have to take a wild guess whether you can proceed, often resulting in meeting oncoming traffic and not having enough space to pass. Are there are plans to widen the road or create passing points to allow for better traffic flow?
