7th February, 2026

Dear Sir/Madam,

With regard to the above planning application - everywhere I go I see our countryside being ripped up and decimated - apparently the words Green Belt mean nothing to people who see only a way to line their pockets by cramming as many buildings onto it as possible - why is this allowed? It makes a complete nonsense of the words green belt and sadly just boils down to the fact of how much money can be made - wildlife is just totally disregarded. Threatened wildlife is in the news all the time and yet NO one seems to be prepared to help it - too late then when it`s all gone.

Living in Cumberworth makes one appreciate the diversity of wildlife we have. As human beings we should embrace the fact that we still have some wild creatures to appreciate because if we don`t look after what we have they will be lost forever.

We appreciate our beautiful countryside and would dearly like to keep it that way for future generations. I do hope that isn`t too much to ask and hope that Kirklees Council will be on our side.

Yours faithfully,

50, Carr Hill Rd., Upper Cumberworth, Huddersfield
