<p>This is a greenfield site with beautiful trees that are old and habitat to many native species of insects that are dying out and other habitat for nature. You need to keep this for nature.</p> <p>Where is the infrastructure for this? Schools, shops, gp etc. Not there and the costs to nature and local community outweigh any profit to the council.</p> <p>I strongly object. I visit my friend here and think you should only build on brownfield sites.</p>
