

About the application

Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	<input type="checkbox"/> Yes
<p>I object to the application for house building on this piece of land for several reasons.</p> <p>The first being that the land itself is arable farming land. Green belt. We are losing our farms and food production due to sales of arable land for housing. This must stop before we are in food poverty as a country.</p> <p>The trees on this land are mature and environmentally important to wildlife and to us as human beings. There is an ancient woodland near or on this land too. It will be an environmental disaster if this housing project goes ahead. Bats, insects, birds, small mammals and an array of ecosystems live here. They will be destroyed.</p> <p>The A635 Barnsley Road will be badly affected with lorries and heavy traffic adding to the new road proposed for Bromley Farm Recycle Centre, which will have its own heavy vehicles . The volume of traffic will be increased exponentially passing through villages where the schools will also be affected. The air quality will be affected by fumes from these vehicles.</p> <p>This is a great worry to the people of many of the surrounding small villages such as Upper Cumberworth, Lower Cumberworth, Shelley, Shepley, Birdsedge, Denby Dale, Upper Denby, High Flats and many more. These villages are on narrow roads where it's difficult for two cars to pass each other let alone lorries. The roads will also be damaged with more pot holes that we already have.</p>
