Subject: Upper Cumberworth 2025/60/93572/E

I am objecting most strongly to the building of 123 houses on green belt on Barnsley Road

The local family should be ashamed of themselves who are selling it to spoil a nice village

The field is a haven for wildlife and the ancient woodland would be compromised

Also there would be a lot more traffic which is already a busy road making it unsafe for the elderly and children crossing to go to school which will not be able to cope with extra children
