<p>I object to the planning application on the grounds that it is on green belt land which is supposed to be protected countryside. This land is in proximity to ancient woodland which is a diverse and unique habitat for wildlife and plants, that would be irreplaceable if damaged by the trauma of construction and the pollution this would cause. The addition of homes to this small village would greatly impact on the efficiency of health and social care services, school places, infrastructures such as draining and sewage and road safety.</p>
