<p>I cannot understand why anyone would plan to build on this beautiful field, spoiling the scenery, wildlife and enjoyment of the area forever. The roads are already overloaded with traffic and Yorkshire Water have endless amounts of problems in this area, why exacerbate this? In addition to this, parking around the local schools is dangerously hazardous, adding more cars and parents dropping off on their way to work again will only make this worse. There are no positives to building on this site - the loss of green belt land, the unsuitability of the local area to handle any more housing capacity and the strain on the roads are only to mention a few.</p>
