Dear Sir

Having been informed by my father of the proposed building of 123 houses on the field to the south of the A635 in Upper Cumberworth I would like to register my objection to the development.

I spent some of my teenage years at my fathers and enjoyed the community life there with walks in the woods and fields which we still enjoy to this day on our regular visits.

I believe the development would have a detrimental effect on the area as it would cause significant harm to the landscape and character of the village and will damage the local flora and fauna, not to mention the extra traffic on the already busy A635.
